Read statement of expenditure on account of Public Works for the quarter from July to September 1893, which amounted to Rs. 11,403-9-7, as per accounts furnished by the Executive Engineer and approved with the following remarks:—

- (1). A sum of Rs. 1,377 was expended on improving the 1st section of the Gundlupet-Chamrajnagar road during the quarter, out of the annual grant of Rs. 3,000. The Amildar of Gundlupet remarked that some of the metal collected for the above road was very large and Mr. Karve explained that they were field metal purposely so collected.
- (2). It was also observed that the Nanjangud-Tirumakudlu-Narsipur road was in a bad condition although a sum of Rs. 427 had been expended out of the grant of Rs. 850 for its annual maintenance.

It will be seen from the statement that more than half the Budget provision for original works and a little more than one-fourth of the same for "Repairs" have been utilized on Public Works during the quarter.

2. Read Statement B of expenditure on well works executed by Revenue Officers for the same period. The Board observed that there were altogether six old works pushed on to completion, two of them being repairs to cattle pounds and the remaining four being repairs to wells. There were also nine works sanctioned or submitted to Government for sanction, amounting in all to Rs. 1,860—4—0, but none of those works had been started or commenced.

3. The Statement (C) of works executed by the Revenue Department from the Local Funds General was next placed before the Board and approved. There were five old works of the previous year amounting to Rs. 677—4—0 and sanction of the Government had been sought for the sinking of 3 road-side wells in the Tirumakudlu-Narsipur, Nanjangud and Hunsur Taluks at a total cost of Rs. 683.

4. Read Government Proceedings No. 2024-32—L. F. 13-93, dated 3rd August 1893, communicating to the Presidents of the Local Fund Boards for their remarks and suggestions the letter of the Senior Surgeon suggesting that paupers and sick strangers should not be encouraged to occupy the Hospital wards of the Local Fund Dispensaries and proposing that separate poor houses should be established for the reception of sick strangers with separate endowments. With reference to this, Dr. Benson remarked that there was no necessity for such an arrangement in this District and that the question did not arise here. Mr. Amble Annaiya Pandit and other members in general were of opinion that the Dispensary wards need not be thrown open to such persons and that there was at the same time no need for the establishment of poor houses as most of the Taluk head-quarters were provided with chattrams.

5. Read letter from the Muzarayi Secretary to the Government, requesting that the matter of opening a chattram at Hunsur may be placed before the District Fund Board.

The members considered that no funds could be spared from the District Funds for the purpose though it was desirable to have one during a portion of the year if any Government Chattram can be transferred to the place.

6. Read letter No. 1764—L. F. dated 22nd June 1893, stating that imprests should be given to the Amildars entrusted with the District Fund works for their execution and recouped once a month.

The Board agreed to the proposal as advisable and necessary for prompt execution of works by the Amildars.

7. Read proposal for opening a chattram at Tirumakudlu-Narsipur at the cost of District Funds submitted by Mr. Somashettra Subba Shetti, a Representative Member of the Dasara Assembly for 1893.  
*Vide Subject No. 289 of the list submitted from this office.*

Resolved that District Funds cannot be spared to open a chattram at Tirumakudlu-Narsipur but Government may, if possible, transfer one of the existing chattrams to that place.

8. Read Proceedings of Government No. 5158-68—L. F. 88-93, dated 19th September, sanctioning an allotment of Rs. 9,000 from the Local Funds General for excavating drinking water wells, &c.

The above provision was explained to the Amildars and they were asked to submit lists of works required to be executed in their Taluks in the order of their urgency and usefulness, on receipt of which, proposals for eligible works will be submitted to Government for approval.

9. Mr. Kesavaingar, Amildar of Hunsur, explained by a report that he was prevented by serious illness from attending the meeting and the report was recorded.  
 \*Maramat No. 30 of 10th October 1893. Mr. T. Ramachendra Rao, Amildar of the Tirumakudlu-Narsipur Taluk, reported\* that he was engaged on urgent work in connection with a breach of the channel in his Taluk.

10. The meeting began at 2-30 P. M. and closed at 3-55 P. M.

1. Intending bidders are required to deposit a sum of British Rs. (50) fifty each before the auction begins and no one will be allowed to bid who has not paid the deposit.
2. The elephant will be knocked down to the highest bidder who shall thereupon pay one-third of the purchase money inclusive of the deposit and the remaining two-thirds within 7 days from date of sale.
3. Unsuccessful bidders will have their deposits returned to them.
4. On payment of the whole amount, a certificate of sale will be issued and also a pass on application.
5. In default of the payment of the whole of the purchase money within 7 days, the sale shall be void. The purchaser shall forfeit the one-third of the purchase money already paid and shall further be held responsible for any loss arising on resale either by public auction or private contract, but will not be entitled to any benefit arising therefrom.
6. The successful bidders desiring to have chains attached to the elephants for which they have bidden will be given them on payment of the usual price thereof in addition to the price of the elephant.
7. The expenses of the feed and keep of the animal from the date of purchase until it is handed over to the purchaser shall be borne by him and he takes all risks.
8. The elephants may be inspected on the premises of the Huzur Cutcherry two days previous to the date of sale and intending bidders must satisfy themselves as to the age, soundness and serviceable qualities of the animal before bidding. A lot knocked down may not be rejected on the ground that the description was erroneous.
9. The Government reserves to itself the right to reject any bid without assigning a reason.
